SUPERNOVAE SUPERNOVAS

We walk together, Ons loop saam

on the same path, langs dieselle pad.

some ahead, 'n Paar loop voor,

some behind, 'n paar agterna,

others alongside, ander langsaan,

a sorority of love. 'n susterskap van liefde.

Bright as daylight, Helder soos daglig,

walking together, loop ons saam,

eyes open wide, oë wyd geopen,

seeing, siende,

as never before **soos nooit tevore**

like the sun in the sky, **nes die son in die hoogte,**

lustrous, radiant, brilliant, **stralend in die hemelsruim,**

before vanishing into night. **voor alles in nag verdwyn.**

Supernovae, **Supernovas,**

dazzling in the darkness, **skitterend in die donkerte,**

the end **die einde**

and the beginning **en die begin**

of new life. **van nuwe lewe.**
